Dear Mr. Brown:

Re: Agreement for Voluntary Surrender of Pre-Transfer Reclamation Surety, US Magnesium LLC, Rowley/Stansbury Basin Mine, M/045/008, Tooele County, Utah

Please find enclosed two original signed copies of the final agreement reached between US Magnesium LLC ("US Mag") and the Division allowing for the voluntary surrender of the \$15,278 plus interest, pre-transfer reclamation surety. Attached as Exhibit A, are 3 disturbed area maps prepared by the Division outlining the oolitic sand mining and borrow areas that remain to be regraded and reseeded at the Rowley/Stansbury Basin Mine complex. Details and a preferred timeframe for completing the regrading and seedbed preparation work are outlined on Exhibit A. These maps have assisted you in completing your 2002 annual report which we received last week.

Please sign both originals of the agreement and return one copy to this office. Keep the second signed copy for your records.

The Division requests that we be contacted prior to proceeding with the regrading/chaining work. The Division can arrange to have someone on site to concur with any areas in question. The Division will then proceed with weed control as needed and seeding in fall, 2003. Thank you for your cooperation in this regard. Please contact me, or Wayne Hedberg of my staff should you have further questions regarding this action.

Sincerely,

Mary Ann Wright
Associate Director, Mining
